

WATERSHED FIRE RECOVERY

July 2021 – Fact Sheet #6

www.GCWatershedRecovery.com

Town Hall Set for July 26 in Grand Lake

Grand County, Northern Water and partners of the NRCS Emergency Watershed Protection (EWP) Program will provide fire recovery updates and answer questions about the EWP Program during a Town Hall meeting on Monday, July 26 at Heckert Pavilion in downtown Grand Lake. The meeting is open to the public.

Topics to be addressed include updates on fire recovery projects, EWP funding status and current postfire impacts.

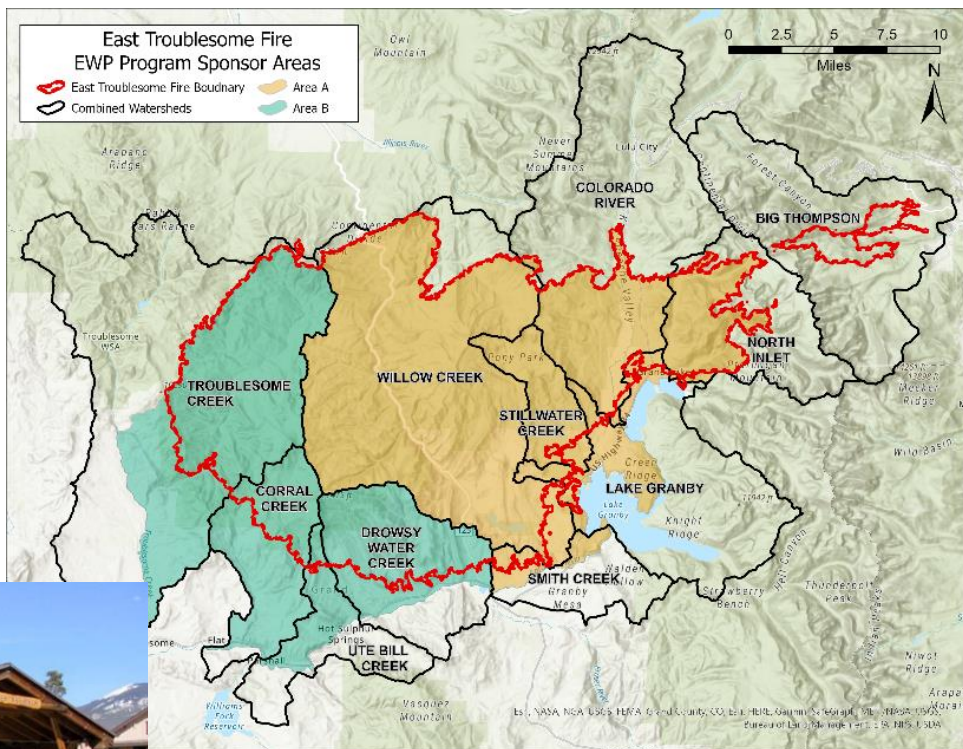

About the Town Hall

Who: Property owners in the identified areas of concern (Area A and Area B). Town Hall is open to the public.

When: 5:30-7:30 p.m., Monday, July 26

Where: Heckert Pavilion in Town Square Park, 1025 Grand Ave., Grand Lake

Why: To provide fire recovery updates and answer questions about the EWP Program

Heckert Pavilion

WATERSHED FIRE RECOVERY

Be Vigilant Regarding Mudslides in Burn Area

Grand County has experienced significant rain recently, especially in the East Troublesome Fire burn areas. This has resulted in flash flooding and mudslides. The most recent was on July 5 as a mudslide closed a section of Highway 125. The slide took the Colorado Department of Transportation hours to clean up before they could safely reopen the road.

If you are near the burn scar areas please stay alert and safe until storms pass. Do not drive into a flooded or mud-covered road.

For more information about flood threats, mudslides and forecasts, visit www.northernwater.org/GCWatershedRecovery/mudslides. Also please sign up for CodeRED alerts at www.gcemergency.com.

The Colorado Department of Transportation cleared mud from Highway 125 after a mudslide on July 5.

Self-Service Station is Open

Northern Water and Grand County's Fire Recovery Resource Station is open. It is located at the baseball field behind Grand Lake Center, 301 Marina Drive in Grand Lake. Sandbags and straw wattles are available for anyone affected by the East Troublesome Fire and are free of charge with no limits. Pick up at your convenience. Supplies will be restocked as needed.

Need help installing straw wattles?
